MEETING SUMMARY: Negative ballots and comments from the main committee members regarding 96-10 and TR 99-74 were reviewed and all were found to be non-persuasive. Both TR's were ruled consensus by the sub committee and also by the main committee chairman. Letters are being sent to those with outstanding negatives advising them of the ruling. They will receive the responses approved at this meeting. They have 30 days to either change there vote or request an appeal hearing.
